

## **Implementation of Improved Methods**

Mid-year population estimates (MYEs) for 2006 and revised MYEs for 2002 to 2005 were published by ONS on 22 August and are available from:

<http://www.statistics.gov.uk/statbase/Product.asp?vlnk=601&More=N>.

These estimates incorporate the improved methods for estimating international migration, announced on 24 April 2007. They also include refinements to the methods announced on 24 July. ONS have published tables giving an indication of the likely impact of introducing the improved methods. Final tables, showing the impact that the new methods had on MYEs for 2002 to 2005 will be published on 13 September.

Both the indicative and final versions of the tables will be available from:

<http://www.statistics.gov.uk/statbase/Product.asp?vlnk=14834>.
