'Rented from the Council' refers to Rented from Council (local authority)/Scottish Homes in Scotland and Northern Ireland Housing Executive in Northern Ireland. *Footnotes :*

1. The occupancy rating provides a measure of under-occupancy and overcrowding. For example a value of -1 implies that there is one room too few and that there is overcrowding in the household. The occupancy rating assumes that every household, including one person households, requires a minimum of two common rooms (excluding bathrooms).

2. Other in industry includes other community, social and personal service activities, private households with employed persons, extra territorial organisations and bodies.

3. Car or van availability includes any company car or van if available for private use.

4. General health refers to health over the 12 months prior to Census day(29 April 2001)

5. The term 'no qualifications' describes people without any academic, vocational or professional qualifications. The term 'lower level' qualifications is used to describe qualifications equivalent to levels 1 to 3 of the National Key Learning Targets (i.e. GCSE's, 'O' levels, NVQ levels 1-3). The term 'Higher level' refers to qualifications of levels 4 and above (i.e. first degrees, higher degrees, NVQ levels 4 and 5, HND, HNC and certain professional qualifications).

6. NS-SeC stands for National Statistics Socio-economic Classification

7. Not classified includes people who have not been coded, those who cannot be allocated to an NS-SeC category and all full-time students regardless of whether they are economically active or inactive.
