Households

All households

Parishes in England and Communities in Wales

Area	All households	One person household: pensioner	One person household: other	One family and no others: all pensioner households	One family and no others: couple households with no children	One family and no others: couple households with dependent children	One family and no others: lone parent households with dependent children	One family and no others: all children non-dependent	Other households
	Households with dependent children and no adult in employment	Households with one or more persons with limiting long-term illness	Lone parents in part-time employment ¹	Lone parents in full-time employment ¹	Households with one family and no others with dependent children and with the sole use of bath/shower and toilet and central heating	Households with one family and no others with dependent children and no car or van	Households with one family and no others with dependent children in owned tenure	Lone pensioner and all pensioner one family households ² with sole use of bath/shower and toilet and central heating	Households (number of cars or vans): none
	Households (number of cars or vans): one	Households (number of cars or vans): two	Households (number of cars or vans): three or more	Lone pensioner and all pensioner one family households ² without a car or van	Lone pensioner and all pensioner one family households ² in owned tenure	All cars or vans in the area	Ethnic group of Household Reference Person: white		

Notes: 1. For the purposes of this table, a lone parent is defined as a parent with a dependent child living in a household with no other parents (whether related to that dependent child or not). This definition is to be distinguished from the standard definition.
2. Households containing one family and no others in which all members of the family are pensioners.

Table **PP04****Accommodation and tenure****All dwellings, All household spaces, All households****Parishes in England and Communities in Wales**

Area	All dwellings	Household spaces with residents ¹	Vacant household spaces	Second residence/holiday accommodation	All household spaces: whole detached house/bungalows	All household spaces: whole semi-detached/terraced houses/bungalow	All household spaces: flat, maisonette or apartment, or caravan or temporary structure	Average household size	Average number of rooms per household
------	---------------	--	-------------------------	--	--	--	--	------------------------	---------------------------------------

All households: occupancy rating -1 or less ²	Households with central heating and sole use of bath/shower and toilet	Households with lowest floor level above ground level	Households with owner-occupied tenure ³	Households with tenure rented from Council (local authority) or Housing Association/Registered Social Landlord ⁴	Households with tenure rented from private landlord or letting agency or other tenure
--	--	---	--	---	---

- Notes:
1. This is equal to the number of households.
 2. The occupancy rating provides a measure of under-occupancy and overcrowding. For example a value of -1 implies that there is one room too few and that there is overcrowding in the household. The occupancy rating assumes that every household, including one person households, requires a minimum of two common rooms (excluding bathrooms).
 3. Includes shared ownership (paying part rent and mortgage).
 4. Includes rented from employer of a household member and relative or friend of a household member and living rent free.

				Under 16	18 and over	Pensionable age and over ¹	Ethnic group other than white ²	With limiting long-term illness	Migrating in ³	All people aged 16 – 74	Employed ⁴	Un-employed ⁴		

Notes: 1. Pensionable age at the time of the Census (29 April 2001) was 65 for men and 60 for women.

2. All ethnic groups except all sub-categories of White and Irish Traveller (Northern Ireland only).

3. People whose address at Census Day was within the Parliamentary Constituency but whose address one year before Census Day was outside the Parliamentary Constituency. This is not a complete count of people moving in as it excludes people who lived outside the area one year before the Census Day but had no usual residence. Note that figures for European Electoral Regions are for people moving in to their Parliamentary Constituency in that Region - not for people moving in to that Region.

4. Not including economically active full-time students.

5. All people resident in the area who are in employment. Results for people employed in an area (the 'workplace population') are available in the Census Area Statistics. Includes full-time students in employment.

6. 'Manufacturing' defined as SIC92 Section D.

7. For the purposes of this table, public transport is defined as underground, metro, light rail or tram; train; bus, minibus or coach. Note that this column relates to method of travel to work or study in Scotland.

8. Includes one-person pensioner households.

9. Households consisting of a couple family and no others. Does not include all-pensioner households.

10. Households consisting of a lone-parent family and no others. Does not include all-pensioner households.
