1 Smoking

- 1.1 Prevalence of cigarette smoking by sex and age: 1974 to 2007
- 1.2 Ex-regular cigarette smokers by sex and age: 1974 to 2007
- 1.3 Percentage who have never smoked cigarettes regularly by sex and age: 1974 to 2007
- 1.4 Cigarette-smoking status by sex and marital status
- 1.5 Cigarette-smoking status by age and marital status
- 1.6 Prevalence of cigarette smoking by sex and whether household reference person is in a non-manual or manual socio-economic group: England 1992 to 2007
- 1.7 Prevalence of cigarette smoking by sex and socio-economic classification of the household reference person: England: 2001 to 2007
- 1.8 Prevalence of cigarette smoking by sex and socio-economic classification based on the current or last job of the household reference person
- 1.9 Prevalence of cigarette smoking by sex and socio-economic classification based on own current or last job, whether economically active or inactive, and, for economically inactive persons, age
- 1.10 Prevalence of cigarette smoking by sex and country: 1978 to 2007
- 1.11 Prevalence of cigarette smoking by sex, country and region of England: 1998 to 2007
- 1.12 Cigarette-smoking status by sex, country and region of England
- 1.13 Cigarette-smoking status by sex: 1974 to 2007
- 1.14 Cigarette-smoking status by sex and age
- 1.15 Average daily cigarette consumption per smoker by sex and age: 1974 to 2007
- 1.16 Average daily cigarette consumption per smoker by sex, and socio- economic classification based on the current or last job of the household reference person
- 1.17 Type of cigarette smoked by sex: 1974 to 2007
- 1.18 Type of cigarette smoked by sex and age
- 1.19 Grouped tar yield per cigarette: 1986 to 2007
- 1.20 Tar yield per cigarette: 1986 to 2007
- 1.21 Tar yields by sex and age of smoker
- 1.22 Tar yields by sex and socio-economic classification based on the current or last job of the household reference person
- 1.23 Prevalence of smoking by sex and type of product smoked: 1974 to 2007
- 1.24 Prevalence of smoking among men by sex age and type of product smoked
- 1.25 Age started smoking regularly by sex: 1992 to 2007
- 1.26 Age started smoking regularly by sex and socio-economic classification based on the current or last job of the household reference person
- 1.27 Age started smoking regularly by sex, whether current smoker and if so, cigarettes smoked a day
- 1.28 Proportion of smokers who would like to give up smoking altogether, by sex and number of cigarettes smoked per day: 1992 to 2007
- 1.29 Proportion of smokers who would find it difficult to go without smoking for a day, by sex and number of cigarettes smoked per day: 1992 to 2007
- 1.30 Proportion of smokers who have their first cigarette within five minutes of waking, by sex and number of cigarettes smoked per day: 1992 to 2007
- 1.31 Proportion of smokers who would like to give up smoking altogether, by sex, socio-economic classification of household reference person, and number of cigarettes smoked a day
- 1.32 Proportion of smokers who would find it difficult to go without smoking for a day, by sex, socio-economic classification of household reference person, and number of cigarettes smoked a day
- 1.33 Proportion of smokers who have their first cigarette within five minutes of waking, by sex, socio-economic classification of household reference person, and number of cigarettes smoked a day

2 Drinking

- 2.1 Drinking last week, by sex and age: 1998 to 2007
- 2.2 Maximum drunk on any one day last week by sex and age: 1998 to 2007
- 2.3 Whether drank last week and number of drinking days by sex and age
- 2.4 Maximum drunk on any one day last week, by sex and age
- 2.5 Drinking last week, by sex, age and marital status
- 2.6 Drinking last week, by sex, and socio-economic classification based on the current or last job of the household reference person
- 2.7 Maximum number of units drunk on at least one day last week, by sex and socio-economic classification based on the current or last job of the household reference person

- 2.8 Drinking last week, by sex and usual gross weekly household income
- 2.9 Maximum drunk on any one day last week by sex and usual gross weekly household income
- 2.10 Drinking last week, by sex and economic activity status
- 2.11 Maximum drunk on any one day last week, by sex and economic activity status
- 2.12 Drinking last week, by sex and usual gross weekly earnings
- 2.13 Maximum drunk on any one day last week, by sex and usual gross weekly earnings
- 2.14 Drinking last week, by sex and Government Office Region
- 2.15 Maximum drunk on any one day last week, by sex and Government Office Region

3 Households, families and people

- 3.1 Trends in household size: 1971 to 2007
- 3.2 Trends in household type: 1971 to 2007
- 3.3 Percentage living alone by age: 1973 to 2007
- 3.4 Percentage of men and women living alone by age
- 3.5 Type of household: 1979 to 2007
- 3.6 Family type and marital status of lone parents: 1971 to 2007
- 3.7 Families with dependent children: 1972 to 2007
- 3.8 Average (mean) number of dependent children by family type: 1971 to 2007
- 3.9 Age of youngest dependent child by family type
- 3.10 Stepfamilies with dependent children by family type
- 3.11 Usual gross weekly household income of families with dependent children by family type
- 3.12 The distribution of the population by sex and age: 1971 to 2007
- 3.13 Percentage of males and females by age
- 3.14 Socio-economic classification based on own current or last job by sex and age
- 3.15 Ethnic group of GHS respondents: 2001 to 2007
- 3.16 GHS respondents: age by ethnic group
- 3.17 GHS respondents: sex by ethnic group
- 3.18 GHS respondents: Ethnic group by Government Office Region
- 3.19 GHS respondents: average household size by ethnic group of household reference person
- 3.20 GHS respondents: percentage born in the UK by age and ethnic group
- 3.21 Weighted bases for Tables 3.3 and 3.8

4 Housing and consumer durables

- 4.1 Tenure: 1971 to 2007
- 4.2 Type of accommodation: 1971 to 2007
- 4.3 Type of accommodation occupied by households renting from a council compared with other households: 1981 to 2007
- 4.4 (a) Type of accommodation by tenure
(b) Tenure by type of accommodation
- 4.5 (a) Household type by tenure
(b) Tenure by household type
- 4.6 Housing profile by family type: lone parent families compared with other families
- 4.7 Type of accommodation by household type
- 4.8 Usual gross weekly income by tenure
- 4.9 (a) Age of household reference person by tenure
(b) Tenure by age of household reference person
- 4.10 Tenure by sex and marital status of household reference person
- 4.11 Housing tenure by ethnic group of household reference person
- 4.12 (a) Socio-economic classification and economic activity status of household reference person by tenure
(b) Tenure by socio-economic classification and economic activity status of household reference person
- 4.13 (a) Length of residence of household reference person by tenure
(b) Tenure by length of residence of household reference person
- 4.14 Persons per room: 1971 to 2007
- 4.15 Persons per room and mean household size by tenure
- 4.16 Closeness of fit relative to the bedroom standard by tenure
- 4.17 Cars or vans: 1972 to 2007
- 4.18 Availability of a car or van by socio-economic classification of household reference person
- 4.19 Consumer durables, central heating and cars: 1972 to 2007
- 4.20 Consumer durables, central heating and cars by socio-economic classification of household reference person
- 4.21 Consumer durables, central heating and cars by usual gross weekly household income
- 4.22 Consumer durables, central heating and cars by household type

4.23 Consumer durables, central heating and cars by family type: lone parent families compared with other families

5 Marriage and cohabitation

5.1 Sex by marital status

5.2 (a) Age by sex and marital status

(b) Marital status by sex and age

5.3 Percentage currently cohabiting by sex and age

5.4 Percentage currently cohabiting by legal marital status and age

5.5 Cohabitees: age by legal marital status

5.6 Cohabitees: age by sex

5.7 Legal marital status of women aged 18-49: 1979 to 2007

5.8 Percentage of women aged 18-49 cohabiting by legal marital status: 1979 to 2007

5.9 Women aged 16-59:

(a) Whether has dependent children in the household by marital status

(b) Marital status by whether has dependent children in the household

5.10 Women aged 16-59: percentage cohabiting by legal marital status and whether has dependent children in the household

5.11 Cohabiting women aged 16-59: whether has dependent children in the household by legal marital status

5.12 Number of past cohabitations not ending in marriage by sex and age

5.13 Number of past cohabitations not ending in marriage by current marital status and sex

5.14 Age at first cohabitation which did not end in marriage by year cohabitation began and sex

5.15 Duration of past cohabitations which did not end in marriage by number of past cohabitations and sex

6 Occupational and personal pension schemes

6.1 Current pension scheme membership by age and sex

6.2 Membership of current employer's pension scheme by sex and whether working full time or part time

6.3 Membership of current employer's pension scheme by sex: 1983 to 2007

6.4 Current pension scheme membership by sex and socio-economic classification

6.5 Membership of current employer's pension scheme by sex and socio-economic classification

6.6 Current pension scheme membership by sex and usual gross weekly earnings

6.7 Current pension scheme membership by sex and length of time with current employer

6.8 Whether or not current employer has a pension scheme by sex and length of time with current employer

6.9 Current pension scheme membership by sex and number of employees in the establishment

6.10 Membership of current employer's pension scheme by sex and number of employees at the establishment

6.11 Membership of current employer's pension scheme by sex and industry group

6.12 Membership of personal pension scheme by sex and whether working full time or part time: self-employed persons

6.13 Membership of a personal pension scheme for self-employed men working full time: 1991 to 2007

6.14 Membership of personal pension scheme by sex and length of time in self-employment

7 General health and use of health services

7.1 Self perception of general health during the last 12 months: 1977 to 2007

7.2 Trends in self-reported sickness by sex and age, 1972 to 2007: percentage of persons who reported

(a) longstanding illness

(b) limiting longstanding illness

(c) restricted activity in the 14 days before interview

7.3 Acute sickness: average number of restricted activity days per person per year, by sex and age

7.4 Chronic sickness: prevalence of reported longstanding illness by sex, age and socio-economic classification of household reference person

7.5 Chronic sickness: prevalence of reported limiting longstanding illness by sex, age and socio-economic classification of household reference person

7.6 Acute sickness

(a) Prevalence of reported restricted activity in the 14 days before interview by sex, age and socio-economic classification of household reference person

(b) Average number of restricted activity days per person per year, by sex, age and socio-economic classification of household reference person

7.7 Chronic sickness: prevalence of reported longstanding illness by sex, age and economic activity status

7.8 Chronic sickness: prevalence of reported limiting longstanding illness by sex, age and economic activity status

7.9 Acute sickness

- (a) Prevalence of reported restricted activity in the 14 days before interview by sex, age and economic activity status
- (b) Average number of restricted activity days per person per year, by sex, age and economic activity status
- 7.10** Self-reported sickness by sex and Government Office Region: percentage of persons who reported:
 - (a) longstanding illness
 - (b) limiting longstanding illness
 - (c) restricted activity in the 14 days before interview
- 7.11** Chronic sickness: rate per 1000 reporting longstanding condition groups, by sex
- 7.12** Chronic sickness: rate per 1000 reporting longstanding condition groups, by age
- 7.13** Chronic sickness: rate per 1000 reporting selected longstanding condition group, by age and sex
- 7.14** Chronic sickness: rate per 1000 reporting selected longstanding conditions, by sex and age
- 7.15** Chronic sickness: rate per 1000 reporting selected longstanding condition groups, by socio-economic classification of household reference person
- 7.16** Chronic sickness: rate per 1000 reporting selected longstanding condition groups, by sex and age and socio-economic classification of household reference person
- 7.17** Trends in consultations with an NHS GP in the 14 days before interview by sex and age: 1972 to 2007
- 7.18** Average number of NHS GP consultations per person per year by sex and age: 1972 to 2007
- 7.19** NHS GP consultations: trends in site of consultation: 1971 to 2007
- 7.20** Percentage of persons who consulted an NHS GP in the 14 days before interview by sex and site of consultation, and by age and site of consultation
- 7.21** NHS GP consultations
 - (a) Percentage of persons who consulted a doctor in the 14 days before interview by sex, age and economic activity status
 - (b) Average number of consultations per person per year, by sex, age and economic activity status
- 7.22** Percentage of persons consulting an NHS GP in the 14 days before interview who obtained a prescription from the doctor, by sex, age and socio-economic classification of household reference person
- 7.23** GP consultations: consultations with a doctor in the 14 days before interview by sex of person consulting and whether consultation was NHS or private
- 7.24** Trends in reported consultations with a practice nurse by sex and age: 2000 to 2007
 - (a) percentage consulting a practice nurse in the 14 days before interview
 - (b) average number of consultations with a practice nurse per person per year
- 7.25** Percentage of children using health services other than a doctor in the 14 days before interview
- 7.26** Trends in percentages of persons who reported attending an outpatient or casualty department in the 3 months before interview by sex and age: 1972 to 2007
- 7.27** Trends in day-patient treatment in the 12 months before interview by sex and age: 1992 to 2007
- 7.28** Trends in inpatient stays in the 12 months before interview by sex and age: 1982 to 2007
- 7.29** Average number of nights spent in hospital as an inpatient during the 12 months before interview, by sex and age
- 7.30** Inpatient stays and outpatient attendances
 - (a) average number of inpatient stays per 100 persons in a 12-month reference period, by sex and age
 - (b) average number of outpatient attendances per 100 persons per year, by sex and age
