7. Routine occupations	-	-	-	-
8. Never worked or long term unemployed	-	-	-	-
Not classified	-	-	-	-

Footnotes:

1. A dependent child is a person in a household aged 0 to 15 (whether or not in a family) or a person aged 16 to 18 who is a full time student in a family with parent(s).

2. The terms used to describe tenure are defined as:

Owned: either owned outright, owned with a mortgage or loan, or paying rent and part mortgage (shared ownership).

Other social rented includes rented from Registered Social Landlord, Housing association, Housing Co-operative and Charitable Trust.

Rented from the Council' refers to Rented from Council (local authority)/Scottish Homes in Scotland and Northern Ireland Housing Executive in Northern Ireland.

Private rented: renting from a private landlord or letting agency, employer of a household member, or relative or friend of a household member or other person.

'Living rent free' could include households that are living in accommodation other than private rented.

3. The occupancy rating provides a measure of under-occupancy and overcrowding. For example a value of -1 implies that there is one room too few and that there is overcrowding in the household.

4. The term 'in employment' includes employed and self-employed the week before the Census, excluding dependent children who are working.

5. Car or van availability includes any company car or van if available for private use.

6. NS-SeC not classified includes full-time students, people whose occupation has not been coded and those who cannot be allocated to an NS-SeC category.

7. The term 'care' covers any unpaid help, looking after or supporting family members, friends, neighbours or others because of long-term physical or mental ill-health or disability or problems relating to old age.

8. Limiting long-term illness includes any long-term illness, health problem or disability which limits daily activity or work.

9. One year ago is one year before the Census (29 April 2001).

10. The population of the 'migration section' differs from other section populations. The migration population includes all people resident in the area and all people who have moved from the area in the last year.

11. 'Outflow' excludes people who have moved from the area to outside the UK.

Table CAST02 THEME TABLE ON OLDER PEOPLE

Table populations : All people aged 50 and over
