Attendance at a local inquiry

Any interested person, whether a supporter of, or objector to, the Commission's proposals may attend and be heard. The Commission would urge all interested parties to attend and make their views known. It should not be assumed that inquiries will only discuss matters raised in representations submitted within the representation period allowed, nor that the Commission's provisional recommendations will remain unchanged.

On many occasions, following consideration of the evidence submitted at an inquiry and the Assistant Commissioner's report, the Commission have revised their recommendations. While the Commission will always invite written representations in respect of any revised recommendations they might publish, all interested parties should be aware that they may not be able to state their case at a further inquiry, as a further inquiry will only rarely be held.
